York World Concedes Lincoln's Re-elec-

NEW YORK, Nov. 9 .- The Tribune claims New England, Pennsylvania, Delaware, New York, Maryland, Ohio, Indiana, Michigan, 11linois, Wisconsin, Minnesota, lowa and Kansas for Lincoln. of slavery by constitutional amendment. It makes the New York Congressional delegation stand twenty-two Union and nine Democrats.

The World concedes Lincoln's re-election, claiming only New York, Kentucky, New Jersey and Missouri for McClellan, with Pennsylvania, Delaware, Oregon, California and Nevada in doubt, but most likely for Lincoln.

The New York Times claims one hundred and thirty-three electoral votes for Lincoln, with a probability of all the remainder, excepting Kentucky, Missouri, and probably New NEW YORK, Nov. 9.—The majority for Hon-

The result of yesterday's election is before our readers in the returns elsewhere. It is most gratifying to every loyal heart, not only in the success of the tried standard bearers in the Union cause, but in the fact that the majorities for Mr. Lincoln are so overwhelming, so spontaneous, so unsectional that all cavil is silenced, and the fact established beyoud peradventure, that the rebellion is to have no quarter, and that the Government is to be sustained unstintedly in its measures to that end. The returns so far indicate that McClellan will get not more than three States, Kentucky, New Jersey and Delaware, and it is by no means certain yet that he will carry any but Kentucky.

FROM CITY POINT. The steamer Cossack arrived here this morning, at 6 o'clock, from City Point, with the army mails and a number of passengers.

Parties from the front report that the movements of the rebels during the past few days has caused the belief that Lee is meditating an attack upon our lines at some point. Our troops are ready and willing to received him. Up to 10 o'clock yesterday morning, the hour at which the Cossack left City Point, all was quiet, with the exception of some firing between the sharpshooters in front of Fort Hell. The heavy rains of the past few days have placed some of the roads in a bad condition, but a few days of sunshine will soon dry them Gen. Griffin came up from City Point on the

THE PIRATE FLORIDA. Particulars of Her Capture by the Wachusett-The Pirate Seized in the Port of Bahis-Arrival of Part of her Crew at Beston-The Vessel Coming to New

Boston, Nov. 8 .- The Kearsarge, which arrived late last night, has as passenger W. W. Williams, assistant paymaster of the Wachusett, bearer of dispatches, giving the circum. stances attending the capture of the Florida in the Port of Bahia. She also brings as prisoners of war, the chief engineer and boats wain of the Alabama,, and the surgeon and 16 of the men of the Forida.

The Kearsarge left St. Thomas on the even-ing of the 31st ultime. The Wachusett was in port waiting for coals. The Florida was out-

The following is a brief account of the circumstances of the capture of the pirate: The Florida arrived at Bahia, Bay of San Salvador, on the night of the 7th ult. Capt. Collins, having held a consultation with his officers, determined to sink the Florida in port. Accordingly, at about 3 o'clock the cables were slipped, and the Wachusett steered for the Florida, hitting her on the quarter without doing great injury. Capt. Collins now called out to those on board the pirate to surrender or he would sink her. This demand was replied to by the first lieutenant that, "under the cir-

cumstances, he surrendered." A hawser was now made fast, the chain slipped, and the Florida towed to sea. In the melee several pistol shots were fired, and accidentally two guns from the Wachusett. Capt. Morris and half the Florida's crew were ashore on liberty. No lives were lost. The Florida was taken completely by surprise, seventy of her men, it was known, being on shore, and the others, just returned from liberty, were as leep and half intoxicated. The blow given the Florida by the Wachusett carried away the mizzen-mast and main-yard, which fell on the awning, preventing any one from getting up from below. So unconscious was the officer of the deck of the intention of the Wachusett's captain that he sang out, "You will run into us if you don't take care!" at the same time calling for a light,

Twelve officers and fifty-eight of the crew of the Florida were captured. The Wachusett and Florida were to leave St. Thomas on the 2d instant for New York.

LOCAL NEWS.

SERENADE TO PRESIDENT LINCOLN .- About half-past one o'clock this morning President Lincoln was serenaded by a club of loyal Pennsylvanians. Being loudly called for, the President appeared at a window and said:

Friends and Fellow-citizens: Even before I had been informed by you that this compliment was paid me by loyal citizens of Pennsylvania triendly to me, I had inferred that you were of that portion of my countrymen who think that the best interests of the nation are to be subserved by the support of the present Administration. I do not pretend to say that you who think so embrace all the patriotism and loyalty of the country, but I do believe, and, I trust, without personal interest, that the welfare of the country does require that such support and

indorsement be given. I earnestly believe that the consequences of his day's work (if it be as you assure, and as now seems probable) will be to the lasting advantage, if not to the very salvation of the country. I cannot at this hour say what has been the result of the election. But whatever it may be, I have no desire to modify this opin-ion, that all who have labored to-day in behalf of the Union organization, have wrought for the best interests of their country and the world, not only for the present but for all fu-

I am thankful to God for this approval of the people; but, while deeply gratified for this mark of their confidence in me, if I know my heart, my gratitude is free from any taint of personal triumph. I do not impugn the motives of any one opposed to me. It is no pleasure to me to triumph over any one. But I give taanks to the Almighty for this evidence of the people's resolution to stand by free government and the rights of humanity.

TO BE PAID.—It will be recollected that at the first battle of Bull Run a number of carriages, hacks, &c., on the ground were taken possession of by the military, (the occupants who had gone out to see the fight being com-pelled to walk in,) to bring in the wounded, and while in the service of the Government some of them were damaged or lost. The owners, numbering about 50, have had their claims allowed and are about receiving the amounts due them at the Treasury Depart-We understand that the Government, in the settlement of these claims, have allowed \$6 per

interested say that they will not receive this money, but will appeal to Congress at the next session, alleging that their teams were se badly used up by the trip that they had to lay by for se veral days. Among these claims are also those of parties who had their carriages pressed in service at

the second battle of Bull Run. RESULT OF THE RELIGIOUS REVIVAL IN GEORGETOWN THUS PAR.—Sunday was the regular Sabbath for communion at the Methodist Protestant Church, Congress street, and as usual, opportunity was offered for persons to unite with the church. Twenty-two persons who professed conversion were admitted on probation, and two from other churches were received by certificate, making a total of twenty-four received into membership. Among those who were converted, some will join churches of other denominations, and others who were not present Sunday will unite at the next communion. Rev. Mr. Bowers is still too feeble to take an active part in meetings, but the meetings will be continued. Rev. Dr. Ball preached the sermon before the communion Sunday morning, and at night Rev. Mr. Curtis, of Columbian College, preached; after which, six penitents presented themselves at

the altar for prayer and instruction. SUSPICION OF LARGENY .- Yesterday, officer Crook, of the Fourth Ward, arrested John Fisher on suspicion of grand larceny. Suspicion was based upon his offering about 25 pounds of horse-shoe nails for sale at 30 cents less than wholesale prices. Upon the evidence Fisher was sent to jail for court by Justice Giberson. Officer Crook took a search warrant and searched his residence, No. 122 F street, and found a lot of coats, pants, and vests, and carpenter's tools, all new; a quantity of similar articles which had been used, a section of gutta percha hose, and other articles. These articles are all at the Fourth Ward station, to be identified and turned over to the Property Clerk.

BENEFIT FOR CHERRY BELLE.-Charming, graceful, piquant, musical Cherry Belle, whose name is fit synonym of her attractiveness, is to have a complimentary benefit at Canterbury on Friday next, which will attract all her host of admirers, and these will form a host in themselves. She will appear in her great part of the French Spy, and a fine general bill will be presented on the interesting occasion. We advise all who can to be on hand on Friday, and see and hear this be witching acress and songstres o

How THE SOLDIERS GO .- Editor Star: The vote of Co. "K," 150th Pennsylvania volun-teers, for President, is as follows: Lincoln and Johnson, sixty-five, (65,) Mc-Clellan and Pendleton, none, (0.) I wish this published in your paper as I see it wrongly stated that there was one McClellan vote cast in our ranks. At the Cluffburn Barracks, the voting of the

Pennsylvania soldiers resulted in 44 for Lincoln and 7 for McClellan. EXTENDING RAPIDLY .- The workmen employed in extending the water main on 9th street west, in the Third Ward, are working rapidly, in view of the close of the season being so near at hand. The trench is opened as far north as O street, and the pipes are at trench ready to be laid. The advantage of the Potomac water in case of fire or for washing, is duly estimated, but the residents upon

the Northern ridge will cling to the excellent

water of the pumps for drinking. They require noice in the summer season.

HOG CARS BUSTED UP .- This morning the early train from Baltimore ran into two cars containing hogs, which had become detached from the night tonnage train, and were on the track above Swampoodle. The engineer promptly reversed his engine, and thereby prevented the entire destruction of the cars and a wholesale hog slaughter. As it was, one of the cars was smashed considerably and ten hogs killed and fourteen wounded, while a large number made their way from the truck and are roaming over the fields.

ADMITTED TO THE BAR.—We notice that Mr. Walter S. McFarlan, of this city, formerly a reporter in this city, has been admitted to practice at the Suffolk (Boston) bar. Mr Mc-Farlan is a graduate of Georgetown College, rarian is a graduate of Georgetown College, and is now attending the Howard Law School. The Suffolk bar is one of the ordest in the country, and the admission of Mr. McF. to practice before it is quite a compliment to him.

CIRCUIT COURT, Judge Olin .- This morning this court was in session, but transacted no business of public importance.

Notwith standing the rain and the very unpleasant condition of the streets, there is coniderable activity and cheerfulness noticeable in the town. But it is not the result of any mportant increase of business transaction. It all results from the news received of the election of Lincoln and Johnson. The friends of the Union are very much elated, and rain and mud does not prevent them from passing to and fro exchanging congratulations. The town last night was remarkably quiet. The police did not report a single case of disorderly conduct, and the only arrest during the day was of a

arrivals of flour or grain reported to-day and no sales. The price list exhibited no change since the quotations in the Star of yesterday. EFFICIENCY OF THE SIGNAL CORPS .- A day or two ago a deserter from a post on the Virginia shore adopted the novel mode of navigating the Potomac with a tree-top, which he had cut and thrown idto the river and then hid nimself among the branches. Unfortunately for him, a member of the Signal Corps was taking observation from the post above Georgetown, on the Tennallytown road, and, seeing through his telescope the operations of the man, sent notice to Provost Marshal Littler. A sqvad of men were sent to the river, who picked up the would-be deserter and lodged him in Forrest Hall, where he can reflect on the uncertainty of human calculations. The operations of the Signal Corps are very rapid, and their instruments of the very best description. The operators converse by their signals between posts as rapidly as police telegraph operators. Against the telegraph and Signal Corps civil and military offenders have but

small chance of escape. CLOSED UP .- A man named Berkley, and his bar keeper, were arrested yesterday for selling liquor to soldiers, at their ranche, near the Chain Bridge. Their ranche was closed, their liquors confiscated, and themselves confined in Forrest Hall to await a trial. This is one of five or six cribs closed by order of Major Littler, within a few days, for the same offense.
